FROM: DESIGN TEAM

TO: THE HONORABLE MAYOR

CITY: Austin, TX. 73301

Subject: Locations for three (3) New Recycling Drop-off Center

Dear Mr. Mayor:

The present memo is to inform you about the development of the design of the three alternatives for the location of the new recycling drop-off centers of the city of Austin. The following will give you a better idea about the process so far:

PURPOSE:

The purpose of this map is to present three options, which the group of designers believes are the best for the location of the new centers.

METHODS:

The method used was simple. Following the instructions received by the city of Austin, only the spaces in which it is not planned to build in the next few years were used. Also, the design team conserved the existing parks of the city and the distances to the interstate ways to take advantage of the connectivity of the system.

FINDINGS:

The alternatives that best fit the requirements, and that we consider would cover each one third of the city's services, are shown in the map attached to this memorandum.

LIMITATIONS:

None to report.

SOURCES

The following is the list of sources used for the development of the project:

- Capital Metro
- Texas Education Agency
- Capital Metro
- CAMPO
- Capital Area
- Council of Governments
- City of Austin
- US Census Bureau.
